SUMMARY

Software Engineering undergraduate with hands-on experience in full-stack web and mobile application development using React, Flutter, Node.js, Firebase, and REST APIs. Passionate about approaching software development from a solution design perspective, focusing on creating user-centered and impactful digital products that address real-world challenges. Skilled in backend development, cloud deployment, and modern UI/UX implementation, with strong problem-solving abilities and experience delivering practical software solutions through collaborative and innovative thinking.

TECHNICAL SKILLS

- React • Flutter • Node.js • Firebase • Rest APIs • C • Backend Development
- JAVA • MySQL • Github • MongoDB • JavaScript • UI/UX • Cloud Deployment
- JWT • Python • CSS • HTML • Figma • MSSQL

WORK EXPERIENCE

Co-Founder | Software Engineer - ApeakStrategy

Mar 2025 – Present

- Co-founded a digital solutions and marketing startup delivering web, mobile, and branding solutions for multiple clients.
- Developed full-stack business platforms, websites, and mobile applications across multiple industries.
- Led solution architecture, DevOps operations, hosting, VPS/server management, and cloud deployment for production systems.
- Contributed to an EV charging platform with OCPP integration, Integrate payment gateway, API development, and database management.

Software Engineering Intern - Hasthiya Company

Feb 2025 – Feb 2026

- Developed full-stack web applications using React.js, Node.js, Express.js, Firebase, and MySQL.
- Assisted in developing backend functionalities, including API creation, request handling, and server-side logic.
- Improved responsive UI/UX design and collaborated with Agile/SCRUM teams on multiple production projects.
- Contributed to deployment, debugging, API testing, and Git/GitHub-based development workflows.

EDUCATION

B.Sc (Hons) in Information Technology

2022 - PRESENT

University of Moratuwa

- Current GPA: 3.62
- Dean's List: L2S2

GCE Advanced Level (2020)

2017 – 2019

Sri Sumangala College - Panadura

- Z - Score : 1.7565 (Biological Science Stream)

GCE Ordinary Level (2016)

WP/KL Uggalboda Maha Vidyalaya

2006 – 2016

- Result : A-8 , C-1

PROJECTS

Sinhala Hate Speech Detection & Trend Analysis

Final Year Research Project (Ongoing)

- Developed a machine learning-based system for detecting Sinhala hate speech and performing trend analysis, leveraging contextual understanding to improve classification accuracy.

Ceylon Luxury Living - Web Application

Team Project - 2025

- Developed a premium magazine web application to manage and publish luxury lifestyle content, ensuring responsive design, smooth navigation, and efficient content handling for an enhanced user reading experience.

Lanka EV Plus – EV Charging & Mobility Platform

Oct 2025 - April 2026

- Developed a full-stack EV charging system with mobile app, admin panel, and web platform integrating 60kW chargers, real-time availability and API backend.

Mensa Web Application

Team Project - 2025

- Contributed to developing the official website and admin panel, implementing content management, user administration, secure authentication, and improving system usability, performance, and overall user experience.

Green-Light Solar Lanka Web Application

Team Project (Ongoing)

- Built a web application to manage solar product listings, payments, and administrative operations, improving product visibility, transaction handling, and overall system efficiency through a user-friendly interface.

Inventory Management System

Level 2 Software Project - Rootcode - 2024

- Developed core inventory features including stock-in, stock-out, adjustments, and dashboard functionalities, while enhancing system security and usability through implementation of password recovery and efficient data handling processes.

SOFT SKILLS

- User-Centered Thinking
- Problem Solving
- System Design Thinking
- Communication
- Leadership
- Team Collaboration
- Solution-Oriented Thinking
- Critical Thinking

ACHIEVEMENTS & ACTIVITIES

Competitions & Hackathons

- CODE RUSH (2023) – 10th Place | UoM – INTECS
- MAD HACK (2023) – Participant | UCSC
- Mora UXplore 1.0 (2023) – Participant | IEEE UoM
- Tech-Triathlon (2024) – Participant | Rootcode

Technical & University Activities

- Member – Embedded Systems Laboratory, University of Moratuwa
- Department Facilitator – EXMO Exhibition, University of Moratuwa
